Dear Keith

I'd like to thank you again for all the fine work on Sleeping Bear Press products for the last couple of years. Our customers always appreciate the outstanding craftsmanship and appealing designs of the books. They make either truly beautiful collector's pieces or gift items which are unique and timeless.

I also would mention that your personal attention to our projects always seems to assure that they go well and are delivered on time as promised. I could only wish that all of our suppliers were as reliable, both in terms of quality and service.

We look forward to a long working relationship with Felton Bookbinding.

Yours sincerely
